

Prof Sally A Gibson

FGS, F. MinSoc, AGU, EAG

PROFESSIONAL SUMMARY

My research is focused on the inner workings of our planet and how processes operating in its deep interior influence those at its surface. This is broad in scope and embraces mantle and volcanic rocks ranging from 3.5 billion to <1 year in age. The advancement of knowledge made by my research group has been accomplished by combining detailed field observations in remote parts of Africa, South and North America, Russia plus volcanic islands in the Atlantic and Pacific Oceans with analytical studies of volcanic rocks, geophysical and numerical investigations. This rigorous approach has allowed my research group and collaborators to address provocative and timely scientific questions related to global geodynamic processes. A large recent campaign of my research group has been focused on the cycling of volatiles. This is now being expanded to look at the origins of critical metals in our new REE-LITH project.

PROFESSIONAL EXPERIENCE

2018 – Professor of Petrology & Geochemistry, Dept of Earth Sciences, University of Cambridge, UK

2012 – 2018. Reader in Petrology & Geochemistry, Dept of Earth Sciences, University of Cambridge, UK

2001 – 2012. University Senior Lecturer, Dept of Earth Sciences, University of Cambridge University

1995 – 2001. Lecturer, Dept of Earth Sciences, University of Cambridge, UK

1992 – 1995. NERC Senior Research Assistant, Dept of Geological Sciences, University of Durham, UK. 'Cretaceous plume-lithosphere interaction & alkalic magmatism in Brazil and Paraguay'

1989 – 1991. NERC Senior Research Assistant, Dept of Geological Sciences, University of Durham, UK. 'Continental basaltic and basalt-related magmatism' (Oligocene-Quaternary magmatism of the Rio Grande rift and surrounding region, USA)

PROFESSIONAL SOCIETIES

2014 – Present: Member of the European Association of Geochemistry

1996 – Present: Member of the Mineralogical Society of UK & Ireland

1990 – Present: Member of the American Geophysical Union

1985 – Present: Fellow of the Geological Society of London

OTHER APPOINTMENTS & AFFILIATIONS: UNIVERSITY OF CAMBRIDGE

2019-2022: Faculty of Physics, Chemistry & Astronomy Promotions Panel

2019 -: Faculty of Earth Sciences & Geography Promotions Panel

2015 – 2016; 2018-2019: Acting Director, Sedgwick Museum of Earth Sciences

Dept of Earth Sciences, University of Cambridge, UK

Orcid ID 0002-4835-2908

EDUCATION

PhD

University of London (Kingston)
1985-1988

BSc (Spec Hons)

University of Sheffield
1982-1985

LEADERSHIP

President, Mineralogical Society of UK & Ireland (2023-2024)

Chair, Volcanic & Magmatic Studies Group (2018-2022)

Acting Director, Sedgwick Museum, University of Cambridge (2015 & 2018)

LA-ICP-MS Lab Manager, University of Cambridge (2002-)

PRIZES & AWARDS

2017: Harold Wilson Memorial Lecture, Ulster Museum, Belfast

2014: Hallimond Lecture Prize for outstanding contribution to mineralogy & petrology, Mineralogical Society of UK & Ireland

2008: Sedgwick Prize for field research, University of Cambridge

2002: Pilkington Prize for teaching, University of Cambridge

CURRENT AWARDS

NERC: REE-LITH project (£1 million)

NSF_NERC: Galapagos (\$1.5 million)

ARC: Williams Ridge (Kerguelen)

SUPERVISION & EXAMINATION

Principal supervisor of 17 PhD students (all completed in <4 years).

Principal supervisor of 16 MSci students (>50% awarded 1st).

External examiner of 21 PhD theses (England, Wales, Scotland, N. Ireland, Eire, Netherlands, Brazil and Finland)

Senior Examiner of undergraduate exam committees at the University of Cambridge

EDITORIAL BOARDS

2018 – present: Editorial Review Board, *J. Petrology* (Invited)

2015 – 2018: Editorial Review Board, *Geology* (Invited)

1999 – 2008: Editor, *Journal of the Geological Society of London*

PANEL MEMBERSHIP

2018-2021: Icelandic Centre for Research Funds (RANNIS) panel for Maths & Physical Sciences

2012– Present: Scientific Advisory Board, Cambridge Arctic Shelf Project (Invited)

2012– 2014: Scientific & External Relations Committee, Geological Society of London (Invited)

OTHER APPOINTMENTS & AFFILIATIONS: UNIVERSITY OF CAMBRIDGE

2016. Senior Part II Examiner, Department of Earth Sciences

2012 – 2017: Careers Officer, Department of Earth Sciences

2010 – 2013: Faculty Board & Degree Committee, Department of Earth Sciences & Geography

2010 – Present: Manager of Earth Sciences geochemistry and sample preparation laboratories,

2010 – Present: Honorary Curator of Petrology, Sedgwick Museum (Invited)

2001 – 2015: Course Co-ordinator, 1B Geological Sciences B

2001 – Present: Manager of Laser-Ablation Inductively-Coupled-Plasma Mass-Spectrometry laboratory, Department of Earth Sciences

1997 – Present: Member of numerous Appointment Committees and Advisory Groups

SYNERGISTIC ACTIVITIES EXTERNAL TO UNIVERSITY OF CAMBRIDGE (SINCE 2007)

2023-present: President, Mineralogical Society (Invited)

2019- present: Awards Nominations Panel, Geological Society of London

2018-2019: Vice President, Mineralogical Society (Invited)

2018 – 2021: Chair, Volcanic & Magmatic Studies Group, *Geological Society of London* (Invited)

2018 – 2022: External examiner, *University of Bristol*

2017: Session convenor, AGU (New Orleans)

2017: Session convenor, Goldschmidt (Paris)

2017 & 2008: Co-Scientist, Universities of Cambridge & Quito joint expedition to Galápagos

2015: Session convenor, EGU (Vienna, invited)

2014: Conference organiser, Deep Earth Processes, *Geological Society of London* (Invited)

2013 – 2015: External examiner, *Open University*

2013: Session convenor, IAVCEI (Japan, invited)

2011: Conference Organiser, Volcanic and Magmatic Studies Group, *Geological Society of London*

2010 – 2013: Geoconservation Committee, *Geological Society of London* (Invited)

2010 – Present: UK Universities Teaching Consortium for Earth Sciences (Invited)

2010 – 2013: Professional Committee, *Geological Society of London* (Invited)

2010-2013: Member of Council, *Geological Society of London* (Elected)

2009 – Present: Trustee, CASP (formerly known as Cambridge Arctic Shelf Project)

2007 - 2010: Charles Darwin Bicentenary exhibit, Sedgwick Museum of Earth Sciences

2007 & 2008: Principal Scientist, Universities of Cambridge & Idaho joint expedition to Galápagos

REGULAR CONTRIBUTIONS

I regularly give oral presentations at national/international conferences (e.g. *AGU, EGU, Goldschmidt*), review large grant proposals for NSF, CNPq, grant council for Eire, and review for high-ranking international scientific journals (e.g. *Nature, Geology, Earth Planetary Science Letters, Journal of Petrology, Science*)

INTERESTS

Travelling
Photography
Hill walking
Yoga

COMMITMENT TO EQUALITY, DIVERSITY AND INCLUSION

Through my various roles in the *Mineralogical Society of the UK & Ireland* and the *Geological Society of London*, I actively demonstrate leadership that promotes the excellence of others (e.g. by participating in awards panels of major scientific societies and modernizing awards criteria so that they consider all activities made by individuals and team work). I have served on Council of both the *Mineralogical Society of the UK & Ireland* and the *Geological Society of London*. I have been responsible for major surveys of Society members and the writing of associated reports that aim to act as pathways for ensuring equality, diversity and inclusion. I have also been involved in establishing new awards that recognize the achievements of Early Career Researchers (VMSG Zeiss Award, VMSG Emeleus Grant) and implementing mentoring schemes. Additionally, I have used these platforms to work with international Learned and Professional Societies to establish Code of Conduct policies.

OUTREACH & PUBLIC ENGAGEMENT

While serving as Acting Director of the Sedgwick Museum I worked with colleagues to host outreach and educational events in the Museum (e.g. Science Festival). I also served on the University of Cambridge Museums syndicate. I continue to participate in activities of the Sedgwick Museum via my role as Honorary Curator of Petrology and by serving on the Sedgwick Museum Strategy Board.

My work on Charles Darwin as a 'Geologist', specifically the observations that he made in Galapagos has given me a unique opportunity to engage with a diverse public audience. This has involved both a historic and 'modern' perspective on the work and discoveries of scientists, and has included talks and related activities (e.g. Pint of Science, Oxbridge Alumni trip to Galapagos, Sutton Trust Summer Schools).
